SRI DHARSHINI M

FRONT-END DEVELOPER

Coimbatore | github.com/msridharshini | sri09112004@gmail.com

SUMMARY

As an aspiring UI/UX Designer and Frontend Developer, I am passionate about crafting engaging and user friendly digital experiences. My skills in wireframing and design thinking enable me to analyze user needs effectively and create visual designs that are both functional and elegant. I am dedicated to continuous learning and growth in user experience and interface design domains.

PROJECTS

Responsive Portfolio

Developed a responsive personal portfolio using HTML, CSS, and JavaScript. Showcases projects, skills, and achievements with smooth navigation. Designed to provide a professional and recruiter-friendly online presence.

May 2025

Online Diary Web App

Developed a personal diary web application with a design inspired by desktop-style Windows applications. Features include login, daily entry, and edit options, with smooth UI interactions and efficient state management.
